Fix These First

- 1 Partial Business Identity** high impact easy fix
 Your page links to About or Contact pages but lacks structured identity data.
 How to fix: Add Organization or LocalBusiness schema markup to clearly identify your business to AI.
- 2 No Schema Markup Found** high impact medium fix
 Your page has no JSON-LD structured data. This helps AI understand your content type and context.
 How to fix: Add relevant schema markup (Organization, LocalBusiness, Article, FAQ, or HowTo depending on your content).
- 3 Page Title Too Long** high impact easy fix
 Your page title is 78 characters. It may get cut off in search results.
 How to fix: Shorten your title to under 60 characters while keeping the key information.
- 4 Add More Specific Facts** medium impact medium fix
 While it mentions a starting price of \$29/mo, there are no other specific statistics or measurable outcomes provided.
 How to fix: Include specific numbers, statistics, timeframes, or concrete outcomes.
- 5 Generic Link Text Found** medium impact easy fix
 6 link(s) use generic text like "click here".
 How to fix: Replace generic link text with descriptive phrases that explain the destination.
